

EASA Safety Information Bulletin

SIB No.: 2014-XX
Issued: dd Month YYYY

- Subject:** Unapproved Parts Notification – 100 Half Size Carts (HS Carts) part number (P/N) TH003-A01, serial numbers (S/N) TH003702-TH003801.
- Ref. Publication:** None
- Applicability:** Parts or appliances released to service on an EASA Form 1 under the name of Global Aviation Services (GAS) Manufacturing Ltd.
- Description:** The Agency was informed by the Civil Aviation Authority UK (CAA UK) that, on 21 October 2013, Global Aviation Services (GAS) Manufacturing Ltd. issued an EASA Form 1 for 100 galley waste carts (P/N TH0003-A01) based on approved design data of EGRET AVIATION.
- Since 09 February 2011, following a decision of the High Court in London, the production Organisation Approval (POA) No. UK.21G2595 of GAS Manufacturing Ltd. is not valid anymore and should have been returned to CAA UK.
- As such, any part released to service on an EASA Form 1 issued by GAS Manufacturing Ltd. after 09 February 2011 must be considered as bogus and not eligible for installation on any aircraft.
- Furthermore, EGRET AVIATION does not hold a valid EASA design approval for the HS carts, nor for any other galley catering cart or equipment.
- At this time, the safety concern described in this SIB is not considered to be an unsafe condition that would warrant Airworthiness Directive (AD) action under EU [748/2012](#), Part 21.A.3B.
- Recommendation(s):** Any part and/or equipment released on an EASA Form 1 issued by GAS Manufacturing Ltd. after 9 February 2011 is

This is information only. Recommendations are not mandatory.

considered unapproved and should not be installed on any aircraft.

The Agency recommends that:

- Owners, operators and maintenance organisations remove from service each part and/or equipment designed by EGRET AVIATION and released to service on an EASA Form 1 issued by GAS Manufacturing Ltd after 09 February 2011;
- Inform the competent authority accordingly.
